OBJECTIVE

Software developer with a strong foundation in Java, Python (basics), AI . Eager to leverage my technical skills to develop intelligent solutions and contribute to innovative projects in a dynamic environment

EXPERIENCE

FrontEnd Developer
Edunet — **February 2025 - March 2025, VirtualInternship**

Machine Learning and AI Developer
Samsung — **January 2025 - March 2025, IIITDM Kurnool**

PROJECT

Project Management Tool
Edunet • github.com/NareshReddy20/backendp5.git • February 2025 - March 2025

- Developed a **Project Management Tool** using **React.js** for efficient task management, collaboration, and productivity tracking. The tool includes **drag & drop task management, task priority settings, reminders, and a notification system**. Designed an intuitive UI for seamless user experience and will integrate the backend using **Node.js**. The project is structured to help teams organize and track their work efficiently.

Customer Churn Prediction
Samsung • github.com/NareshReddy20/CustomerChurnPrediction.git • January 2025 - March 2025

- Developed a **Customer Churn Prediction** system using **Python, Scikit-learn, and Streamlit** to analyze customer behavior and predict churn. Integrated **Google Gemini AI** to generate AI-driven insights and personalized retention strategies. The project involved **data preprocessing, EDA, feature engineering, and machine learning modeling** to improve accuracy. Additionally, I built an interactive **Streamlit UI** for real-time predictions and data visualization, implemented in **Google Colab** and managed using **GitHub** for version control.

EDUCATION

Btech in Computer Science and Data Science
G Pulla Reddy Engineering College • Kurnool,Andhra pradhesh • 2026 • 7.14

Intermediate
Nalanda Junior College,Anantapur • 2022 • 914

School
Sri Saraswathi Vidya Mandir High School,pamidi • 2020 • 458

CERTIFICATIONS

Data Analytics and Visualization Job Simulation
Forage collaboration with Accenture

Java,Python,HTML
Spoken Tutorial project by IIT Bombay • 2024

Internet of Things
NPTEL • 2024

SKILLS

Artificial Intelligence.
Front End:HTML,CSS,Java Script,React JS
Back End:Java,Python,Node JS
DataBase:SQL
